

Using Data to Increase Fundraising Success

During this course, you will look closely at:

- Identifying the need for your project.
- Describing your activities and the change they will make.
- How you will evaluate your project and measure your impact.
- Utilising data collected on current/completed projects to evidence need for your next project.
- Using data effectively within bid writing and general fundraising efforts.

This course will be delivered via Zoom, across two lots of 2-hour sessions on Wednesday 1st May & Wednesday 8th May at 10AM – 12PM.

Please note attendance is required for both sessions
